## GLASSLINE FUSIBLE PAPER SHEETS

(All 15 colors shown below)

Glassline Paper is fusible colored paper that is designed to be fired between two layers of glass. It may be used with any glass Coefficient of Expansion. Sheets are easily cut with scissors or utility knife to create one-of-a-kind patterns. Available in 15 different colors and three different styles: plain, splatter and crinkle.

**Cat. No. 49450** - 10-1/4" sheets/15 colors/plain texture

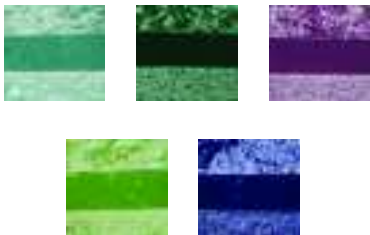

**Cat. No. 49451** - 10-1/4" sheets/15 colors/splatter texture
