## **ECONOMY DIGITAL PYROMETERS**

**Cat. No. 489015F - Fahrenheit Pyrometer**

**Cat. No. 489015C - Celsius Pyrometer**

A portable heat temperature measuring meter suitable for kilns that have a detachable thermocouple. The stand places the meter at an easy to read angle. Large digital numerals show kiln temperature. Available in Fahrenheit or Celsius mode. Complete with "K" type thermocouple and stand. Reads max temp. of 1742°F (950°C) for up to 15 minutes or 1562°F continuous. (Continuous use at the higher temp. will reduce the life of the thermocouple.)

## **GOLD PLATED EARRING BAILS**

**Cat. No. 484312**

18K gold earring bails. Package of 24.

## **DICHO-SLIDE™**

4 x 4" Sheets of Dichroic coated paper are made with the same dichroic glass deposition technique used to make the Dichroic Coated Paper. However, it has no Coefficient of Expansion, and therefore may be used with any glass. The advantage is that intricate scissor or knife cuts may be made from the Coated Paper. There is little or no waste. All of the scrap is useable for unique designs. The same Decal technique is used to slide the image from the paper carrier. Several stunning color combinations are available.

**Cat. No. 49410 - Magenta/Green**

**Cat. No. 49411 - Blue/Gold**

**Cat. No. 49412 - Cyan/Copper**

**Cat. No. 49413 - High Cyan/Copper Red**

**Cat. No. 49414 - Clear/Red**

**Cat. No. 49415 - Rainbow**
