Just announced. . . A Baker's Dozen

Cook up some great small projects! Baker's Dozen is an "all-in-one" fusing kit available in System-96 and Fusion FX! These kits have it all: an 8.5 oz. jar of Frit, a packet of Noodles & Stringers, and a selection of Sheet Glass (11 pieces each 6" x 6") = 13! A great way to "sample" Uroboros' fusing menu to create your own delectable creation! Sink your teeth into gnarly textures, taste rich Irid coatings and sprinkle on yummy frit and bits of Noodles and Stringers.
