IN FULL BLOOM - II CD

Cat. No. 60177

Nearly 80 Patterns of flowers from Asters to Zinnias. All included patterns are full size and ready to print. All levels of glass expertise are considered in this collection and all patterns are represented in .jpg .tif and .eye (Glass Eye 2000™) formats.

CIRCLE & BORDER SYSTEM

Cat. No. 2814CBS1

The ultimate accessory for the Portable Glass Shop (Cat. No. 2800-PG-01B). Putting a glass border around a glass circle uses a lot of glass and leaves hard to use scrap. The Circle Border System changes how it's done. Create circles up to 13" and borders up to 14". It comes with a computer program that does the math and shows through video instruction how to use the system.

THE LITTLE TORCH

Cat. No. 16015

A precision instrument that will help extend torchworking skills beyond previous limits. Makes a thread-thin flame up to 6300°F. Works in tiny places. Comes with five different tips. The three smallest tips have synthetic sapphire orifices for improved flame characteristic and control. Use with oxygen and any one of the commonly available industrial fuel gases.

BORON NITRIDE SPRAY II

Cat. No. 48945

Boron Nitride Spray Coating is a high temperature release agent and lubricant which prevents metallic objects from sticking to glass. The handy aerosol container affords easy and smooth application. Air or oven dry. Removes easily after use. ORM-D.
