WAFFLE GRID PACK

Cat. No. 26001 - 6-pack

Cat. No. 260011 - 2-pack

Ed Hoy's International is pleased to announce the selection of the Creator's Waffle Grid as the newest product in 2007. This interconnecting grid allows the user to configure to the shape of their work table. Through its unique design, you can configure around a corner, as a connecting backsplash or even randomly turn up individual grids to have a smooth area amid a pocketed area. Made of high impact polycarbonate (Lexan®), the surface of the 1/2" pockets is rounded smooth, to allow your glass to glide. Want to clean out debris from a section... just lift it out. No need to disturb your whole work surface! The Waffle Grid comes packaged in a 6-pack and 2-pack. The components are 11-1/4" x 11-1/4". This innovative product will be available at Ed Hoy's International starting in April.

THE TRACKER PISTOL GRIP CUTTER - Cat. No. 20040

REPLACEMENT HEAD, CARBIDE WHEEL - Cat. No. 200401

A glass cutter designed by glass artists for glass artists. Features a high impact plastic handle, on demand lubricant supply system, custom stainless steel cutting head and tungsten carbide cutting wheel & axle. Uses a larger (4.25mm / 0.167") cutting wheel for easily scoring textured art glass.

FLEXIBLE DIAMOND HAND PAD (70 GRID) - Cat. No. 27605

FLEXIBLE DIAMOND HAND PAD (120 GRID) - Cat. No. 27606

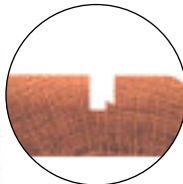

A general purpose metal bond (wet or dry) handpad for abrading glass. The ideal hand size allows for the finishing of surface shapes and areas.

LEAD CAME 44 LB. BOX

Cat. No. 4030-8518

Round U 11/64" lead came available in 44 lb. boxes. 556 47" long (1194mm) strips per box.

OAK PEDESTAL DISPLAY BASE

Cat. No. 917801

Solid oak pedestal base for displaying flat artwork. Has a step-down slot that lends to stable positioning for designs with thick and thin widths. Measures 7-1/2" x 3-3/4" x 1-1/16" (190 x 95 x 27mm). Slot measures 5/16" wide x 7/16" deep (7 x 11mm).
